ATTENTION CONTRACTORS AND TRUSS MANUFACTURES

EFFECTIVE IMMEDIATELY

The City of West Palm Beach will adhere to the requirements of Florida Statutes Chapter 471 Engineering and the related rule FAC § 61G15-23.002 Seal, Signature and Date shall be affixed.

This causes each page of engineered truss drawings to have the embossed seal, original signature, and the date of signing and sealing, when being submitted for public record.

At least one complete set of truss drawings and layouts must have the seal; date and signature or they will be rejected.

Questions may be addressed to the Florida Board of Professional Engineers (FBPE) at 850-521-0500. The rules may also be reviewed in their entirety on their web site <http://www.fbpe.org>. Your cooperation in this matter is greatly appreciated.
