All City officers and employees are bound by Chapter 112 (Part III) of the Florida Statutes, the Code of Ethics for Public Officers and Employees, and by the Palm Beach County Commission on Ethics Code. The main goals of Chapter 112 and the County's Ethics Code are to promote the public interest and maintain the respect of the people for their government. This means that employees conduct themselves independently and impartially, not using or attempting to use their offices for private gain, and to avoid the creation of unnecessary barriers to public service. Any questions regarding Ethics may be addressed with the Ethics Officer by contacting the City Attorney Department at 561.822.1350 or by contacting your departmental ethics liaison.

Equal Employment Opportunity (EEO)

[Equal Employment Opportunity Policy 4-2](#)

The City of West Palm Beach is committed to providing equal employment opportunity for all applicants and employees regardless of race, color, religion, sex, gender identity or expression, national origin, age, disability, familial status, marital status, sexual orientation, genetic information, or any other status protected by law. In order to provide equal employment and advancement opportunities to all individuals, employment decisions will be based on merit, qualifications, and abilities.

Employees are responsible for promoting a workplace free of discrimination and harassment. Employees who have knowledge of an actual or suspected EEO policy violation are encouraged and expected to immediately report such information to a supervisor, department director, or the City's EEO Compliance Officer in the Human Resources Department.

Supervisors are responsible for promoting a workplace free of discrimination and harassment. Supervisors who have knowledge of an actual or suspected EEO policy violation are obligated to immediately report such information to the City's EEO Compliance Officer in Human Resources.

Employees shall not falsify reports, provide false information, or disclose confidential information during any part of any EEO investigation.

Request for a Religious or Reasonable Accommodation

[Equal Employment Opportunity Policy 4-2](#)

Individuals may request a religious accommodation to enable them to exercise their religious practices.

Individuals with a disability under the Americans with Disabilities Act may request a reasonable accommodation that will enable a qualified applicant or employee to participate in the application process or to perform the essential job functions. An employee may request a reasonable accommodation orally or in writing from the employee's supervisor, manager, or department director. The request does not have to use the term or terms "reasonable accommodation", "disability", or "Rehabilitation Act."

Such requests shall be coordinated through the Human Resources Department orally or in writing. Supervisors are required to contact the Human Resources Department in advance of making any type of modification so that an appropriate resolution may be determined based on the given situation.

The Human Resources Director will determine whether a requested accommodation is reasonable or whether it imposes an undue hardship on the City or workplace. Such determination is required before the requested accommodation is granted.

Drug Free Workplace

[Substance Abuse Policy 4-16](#)

It is the policy of the City of West Palm Beach to provide a drug free workplace. Further, as a condition of employment, employees must abide by the following terms:

- a) The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, and any attempts to do so, in the workplace is prohibited. Any employee who violates this prohibition will be subject to discipline up to and including termination of employment.
- b) An employee who is arrested or convicted for a violation of a criminal drug statute must notify Risk Management and Employee Relations in writing of such arrest or conviction immediately but in no event later than five (5) calendar days subsequent to such arrest or conviction.
- c) All employees are subject to drug and alcohol testing before beginning employment and upon reasonable suspicion. A reasonable suspicion is derived from specific, objective, and particular facts and reasonable inferences. Certain employees are also subject to random testing. The submission to such testing is a condition of employment with the City.
- d) Any employee who refuses to submit to drug and/or alcohol testing when required under this policy, or who alters, adulterates, or otherwise interferes with drug testing collection, samples, or analysis will be terminated from employment and may forfeit medical and/or indemnity benefits under the Florida Workers' Compensation statute and with forgo his/her rights under the Consolidated Omnibus Budget Reconciliation Act (COBRA).

In addition to many other services, the Employee Assistance Program (EAP) provides assistance for employees with substance abuse problems and referral for treatment/rehabilitation at an employee's request and in accordance with the Drug-Free Workplace Act.

Telephones and Technology Use

[Telephone Policy 1-42](#)

- a) The City furnishes computers and software solely for use in City business activities.

- b) Only City-authorized software and equipment is permitted and must be installed and used in accordance with its copyright, license agreements, and/or other contracts.
- c) The City reserves the right to access, read, use, and disclose employee communication and files as it considers appropriate. No employee should have any expectation of privacy as to his/her electronic communication usage. Employees are reminded that all emails are subject to disclosure under Florida's public record laws.
- d) It is prohibited to access Internet sites containing inappropriate, offensive, or sexually explicit material. If inadvertently connected to such a site, you are to immediately disconnect and notify the Support Services Department at 561.822.1234.
- e) Illegal use, misuse, or inappropriate use of City computers, telecommunications, or electronic equipment is grounds for immediate dismissal.
- f) All electronic and telephonic communication systems (including email, voice mail, etc.) and all communication and information transmitted by, received from, or stored in City systems are the property of the City and may be monitored by authorized management employees.
- g) User IDs and passwords help maintain individual accountability. Any employee who obtains a password or ID must keep that password and ID confidential. City policy prohibits the sharing of user IDs or passwords.
- h) Sensitive information is not to be sent via email, such as disciplinary or health information.
- i) Profanity, inappropriate, or offensive messages such as racial, sexual, or religious slurs are prohibited in all forms of electronic communication. Defamatory remarks about citizens, customers, vendors, or employees are also prohibited.

Tuition Reimbursement

[Higher Education Assistance Policy 4-19](#)

The City may, subject to budgetary funding, provide financial assistance to employees who seek higher education. Higher education assistance is intended to:

- a) Assist employees in acquiring additional job-related knowledge and improving technical skills.
- b) Enable employees to stay abreast of developments in their profession, trade, or technical area.
- c) Enhance the City's ability to attract, retain, and motivate employees by providing developmental opportunities.

Employees must complete one (1) full year of employment to be eligible to receive higher education assistance. Job performance must be satisfactory at the time of application for assistance.

Employees are required to repay the City for the total amount of the received education reimbursement if leaving the City voluntarily or terminated for cause within one (1) year after receiving the expense reimbursement. Any employee who leaves the City voluntarily or is terminated for cause between one (1) and two (2) years after receiving education reimbursement is required to repay the City one-half of the total amount received.

Violence Free Workplace Policy

[Violence Free Workplace Policy 4-18](#)

Verbal threats and/or physical violence in the workplace will not be tolerated. Employees shall immediately report incidents of workplace violence to a supervisor or a department director. In the case of an immediate serious threat or crime, employees shall also report the incident to law enforcement authorities. Failure to report an incident of workplace violence may subject an employee to discipline up to and including termination of employment.

Supervisors are expected to intervene appropriately when they are made aware of threats or witness workplace violence. Supervisors shall immediately contact the Human Resources Director if they become aware of an incident of workplace violence or if they become aware of a direct or perceived threat.

EMPLOYMENT

[Hiring Policy 4-5](#)

Employment Status

An employee is a person who works for the City on a wage or salary basis. An employee's salary, eligibility for benefits, and other terms and conditions of employment are determined by the category of employment, as defined in the Hiring Policy.

Employees are categorized as exempt, non-exempt, regular full-time, regular part-time, temporary, and others who are subject to the control and direction of the City in the performance of their duties.

Classified and Unclassified Positions

All positions are designated as classified or unclassified as identified in the Job Classification and Pay Plan. Most classified positions are covered by the Civil Service Rules and Regulations.

Unclassified positions are not covered by the Civil Service Rules and Regulations. They include appointed positions which fall under the jurisdiction of the Mayor, department directors, and attorneys. Temporary employees, persons employed by contract, and those positions excluded by a Collective Bargaining Agreement (CBA) are also unclassified.

Classification and Compensation

Job titles, salary ranges, and policies related to classification and compensation are maintained by the Human Resources Department and are updated in the Classification and Pay Plan. All positions in the City have an assigned job classification (title) and a designated pay grade. Pay grade assignments are based on several factors including job responsibility, complexity, education and experience requirements, and market value of similar jobs in other organizations. The City Commission approves all job classifications and pay grades.

New Hire (Initial) Probationary Period

All new hire employees typically serve a probationary period of six (6) months. Positions which may include a longer probationary period include, for example, Firefighters, Police

Officers, Telecommunicators, Crime Scene Investigators, Building Inspectors, and Plans Examiners. The length of probation for each job classification is stated in the employee's Offer Letter. Please also refer to any applicable CBA.

New hire probationary periods may at the discretion of the department director be extended up to six (6) additional months if warranted. Employees who successfully complete their new hire probationary period are granted regular status.

Promotional Probationary Period

Promotional probationary periods are usually six (6) months in length but can be twelve (12) months for certain positions such as Telecommunicators, Police Officers, Fire Fighters, and other positions as stated in the employee's Offer Letter. Promotional probations do not affect earned regular status rights acquired in another position.

A promotional probationary employee who does not successfully complete probation can be demoted to his/her former position unless otherwise provided in an applicable CBA or Civil Service Rules.

Lateral Transfer Probationary Period

A lateral transfer occurs when an employee is moved to a classification in the same pay grade. Employees can only have a lateral transfer to positions for which the employee is qualified. An employee who transfers laterally to a different job classification will serve a six (6) month probation in the new position. The Human Resources Director or his/her designee determines whether or not a probationary period will be required for lateral transfers.

Work Schedule

[Work Schedule Policy 4-6](#)

The regular work schedule consists of five (5) work days with eight (8) hours of work time and up to one (1) hour of unpaid lunch time in a forty (40) hour work week. The department director establishes work schedules to meet the needs of customers. Most employees who work in an office setting are expected to report by 8:00 a.m. and to remain at work until 5:00 p.m. Employees may request to work a voluntary alternative work schedule which requires prior approval by the department director or designee. This approval may be rescinded at any time. Some departments such as Fire, Police, and Public Utilities maintain different schedules so that twenty-four (24) hour service will be available to all citizens. Certain jobs require employees to work regular hours or work weeks that are different than the normal City business hours. Your hours and work week are established by your department director and may be changed to meet the needs of the City.

Unpaid breaks are allowed for an employee to express breast milk for her nursing child for one year after the child's birth each time such employee has the need to express the milk. The frequency of breaks as well as the duration of each break will vary based on each employee's need. Employees needing to express breast milk may request access to the Nursing Mother's Room located on the 3rd floor of City Hall by notifying the Human Resources Department. Departments and/or divisions located outside City Hall shall provide a place, other than a bathroom, that is shielded from view and free from intrusion from coworkers and the public, which may be used by an employee to express

breast milk. A space temporarily created or converted into a space for expressing milk or made available when needed is sufficient. An employee requesting unpaid breaks to express milk must notify the immediate supervisor or a member of management, when possible, immediately before the break begins and immediately after the break ends. Each employee is required to document the unpaid breaks through the department's regular time and record keeping process.

Assignment, Demotion, Promotion, or Transfer

[Compensation Administration Policy 4-7](#)

Jobs vacancies are listed on the City's web site wpb.org, the English job hot line at 561.494.1001, and the Spanish job hotline at 561.494.1002. Employment opportunities may be open to anyone, restricted to City employees, or restricted to City employees with regular status.

Assignment occurs when an employee works out of classification for the following reasons:

- a) An employee is assigned to a budgeted vacancy pending the completion of a recruitment or promotional process, to fill in during a temporary absence, to complete a special project, or to provide individual developmental opportunities.
- b) An employee assigned to a higher classification must meet the minimum requirements of such position.

Demotion occurs when an employee is placed in a position with a lower pay grade. Demotions may be voluntary or the result of disciplinary action, layoff, restructuring, or the unsuccessful completion of a probationary period in a higher job classification.

Promotion occurs when an employee accepts a different classification with a higher pay grade.

Transfer occurs when an employee is moved from one (1) classification to another classification with the same pay grade. Employees must be qualified to perform the duties of the new job classification. In certain circumstances employees may be transferred to a position with a lower pay grade.

Employment Outside the City

Employees may obtain and/or maintain employment outside of the City with proper approvals. Before accepting or continuing outside employment, employees are responsible for completing the Commission on Ethics Employee Conflict of Interest Waiver form and forwarding the form to their department director for approval. If the additional work does not interfere with the employee's City job and does not constitute a conflict of interest, approval will not unreasonably be withheld by the department director or designee. On obtaining department director or designee approval, the employee must forward the form to the Department of Human Resources for review. The form requires the signature of the employee, department director, and City administration.

The Commission on Ethics Employee Conflict of Interest Waiver form is available by any of the following:

- a) Opening Lotus Notes:
 - 1) Navigating to the Employee Resource Center.
 - 2) Clicking the Human Resources icon.
 - 3) Clicking the HR Forms link.
 - 4) Clicking the Employee Conflict of Interest Waiver (Outside Employment) link.
- b) Requesting a copy from their supervisor or time keeper.
- c) Calling the Human Resources Department at 561.494.1000.

Employees are responsible for the completion of a Commission on Ethics Employee Conflict of Interest Waiver form for each job held outside City employment.

Employees may not accept or continue any outside employment except upon written authorization by the appropriate department head and City Administrator. In no event shall any such outside or non-City employment interfere with or be in conflict with the proper performance of any employee's duty to the City. Poor performance, absenteeism, lateness, or refusal to work overtime associated with outside employment will result in a withdrawal of the approval and may result in disciplinary action up to and including termination of employment.

An outside position may not conflict with the function, performance, work hours, or obligations (such as emergency response requirements) of City employment, nor prevent the employee from coming to his/her City job fully fit to safely and competently perform his/her duties.

Personnel Records

The official work record of every City employee is maintained in the Human Resources Department. In accordance with the Florida Public Records law, personnel files are open to public inspection and copying. Employees have a right to review their files in Human Resources and any unofficial personnel files maintained in their department or division.

It is an important responsibility of the employee to keep information in his/her file updated. Immediately complete a Notice of Change Form for any of the following changes:

- a) Name (must show social security card with the correct name).
- b) Address.
- c) Phone number.
- d) Emergency contact information.

The Notice of Change Form may be located by any of the following:

- b) Requesting a copy from their supervisor or time keeper.
- c) Calling Human Resources at 561.494.1000.

Employment and Income Verification

It is the policy of the City to protect the privacy of each employee. Organizations who wish to verify the employment of a current or past employee will use an automated external employment verification service designated by the City.

Employment and income verifications may be required when applying for a mortgage or car loan, checking references, leasing an apartment, establishing credit, or any other instance where proof of employment or income is needed. The individual employee is responsible for authorizing the release of this information to the verifying organization.

The City uses The Work Number[®] to provide automated employment and income verifications on our employees. Give the person seeking your proof of employment the following information:

- a) The Work Number[®] Access Options:
 - theworknumber.com.
 - 1-800-367-5690.
- b) The City of West Palm Beach Code: 13514.
- c) Your Social Security Number.

Employment of Relatives

Employment of relatives with the City shall be in accordance with state law (112.3135) and is subject to the approval of the Human Resources Director or his/her designee. In no circumstance shall one employee be supervised by a member of his or her immediate family.

Immediate Family

[Leave Administration Policy 4-13](#)

The term "immediate family" shall mean spouse, registered domestic partner (defined as a person with whom the employee shares a residence and within the context of a committed relationship), natural, adopted, foster or step-child, parent, step-parent, parent-in-law, brother, sister, step-brother or step-sister, grandparent, grandchild, daughter-in-law, son-in-law, any person for whom the employee is a legal guardian, or a sole dependent residing in the same household.

COMPENSATION

[Compensation Administration Policy 4-7](#)

Employees are paid in accordance with the Equal Pay Act, Fair Labor Standards Act, Florida wage laws, the City's Compensation Administration Policy, and the provisions of applicable Collective Bargaining Agreements (CBAs).

Pay Period

The City has a bi-weekly payroll cycle with twenty-six (26) pay periods in the year. Each pay period begins at 12:00 a.m. Sunday and ends at 11:59 p.m. thirteen (13) days later on a Saturday. Employees are paid the next Friday after the end of the pay period and pay dates may change due to City holidays and/or emergencies.

Employees shall review their paychecks for accuracy and immediately contact their supervisors with any discrepancies.

Pay Plan

The Classification and Pay Plan lists all the job titles with corresponding pay grades and salary ranges and lists special pay allowances for which employees may be eligible as approved by the City Commission.

Employees may locate and read the Classification and Pay Plan by:

- 1) Opening Lotus Notes.
- 2) Navigating to the Employee Resource Center.
- 3) Clicking the Human Resources icon.
- 4) Clicking the Classification and Pay Plan tab.

Overtime Compensation

Overtime is paid to non-exempt employees in accordance with federal and state wage and hour law requirements. Overtime is based on a forty (40) hour work week for most non-public safety positions and calculated at a rate of 1½ times the employee's hourly rate of pay. Overtime is not calculated on a daily basis if the employee works more than eight (8) hours a day.

A supervisor may direct you to work over forty (40) hours when necessary to meet emergency deadlines or operating needs. You are obligated to comply. Overtime worked without prior authorization from your supervisor may result in disciplinary action.

Overtime/Compensatory Time

[Overtime Policy 4-21](#)

If a non-exempt employee is required to work overtime, every effort will be made by the supervisor to give reasonable notice. Employees may elect to receive compensatory time in lieu of cash payment. Compensatory time is earned at the rate of 1½ hours for each hour of overtime worked. Certain bargaining agreements have a cap on compensatory hours banked. Please refer to your governing CBA for the maximum hours you can accrue.

Performance Appraisals

The City has a formal employee performance appraisal process. Performance is reviewed periodically based on job-related standards. The process requires that supervisors explain the review process completely with employees.

Probationary performance reviews are completed at the end of the initial and promotional probationary periods. Annual reviews are completed for all employees on their review dates.

An employee may be placed on a Performance Improvement Plan (PIP) for a period of up to ninety (90) days if the employee's work falls below minimally acceptable standards. The employee's performance must demonstrate immediate and consistent improvement and is reviewed weekly for the first thirty (30) days and bi-weekly for the remaining period of the PIP. During this time, the immediate supervisor shall work closely with the employee on defined performance goals. If the employee does not demonstrate

immediate and consistent improvement in work performance, the supervisor may then recommend demotion or termination of employment.

The department director may request an extension of a PIP if the employee's performance has improved but is still not acceptable. All extensions of a PIP must be approved by the Human Resources Director prior to granting such extension.

Salary Increases

Each year during the budget process the City Commission determines the types and amounts of salary increases for non-bargaining unit employees. These may include an across-the-board increase and/or a merit increase based on annual performance reviews. Bargaining unit employees should refer to their respective CBA to determine how salary increases, if any, are awarded.

TIME OFF

[Leave Administration Policy 4-13](#)

Employees must submit all their leave requests using the Kronos terminal, web access entry, or Telestaff, as applicable.

Supervisors and managers will approve or deny leave requests via the Kronos Workforce Timekeeper software.

Job aids and tutorials for both employees and supervisors may be located by navigating to wpb.org/kronos.

Annual Leave

Annual Leave is paid time off for employees' personal use and is accrued according to City Code or respective Collective Bargaining Agreement (CBA). Although Annual Leave begins accruing immediately upon employment, employees are not entitled to use Annual Leave until completion of six (6) months of continuous employment.

It is recommended that all requests for Annual Leave be turned into the respective department forty-eight (48) hours in advance of the leave request date.

Full-time and part-time employees whose normal work week is twenty (20) hours or more shall accumulate Annual Leave with pay based on actual hours worked according to the following accrual schedule:

- Regular unclassified and confidential employees:
 - Hired on or prior to December 31, 2012.

All leave requests are subject to the approval of the Department Director. The Department Director shall not unreasonably deny a leave request if such denial results in an excess of the maximum accrual allowed for such employee at the end of the last pay period of the calendar year. Employees shall request Annual Leave so as not to conflict with the operations of the department, and such request shall be in accordance with departmental rules. The day or dates the employee requests Annual Leave and the day on which the employee is to return to work shall be specified in such request.

No Annual Leave with pay shall be granted except on the basis of requesting leave using the Kronos terminal, web access entry, or Telestaff, as applicable, and no employee shall be allowed annual leave that has not already been accumulated.

Temporary, seasonal, and contract employees do not accrue Annual Leave.

Annual Leave shall only be charged for leaves of absence during which an employee would otherwise be scheduled for work and receive pay.

Certified fire department employees and sworn police officers on extended work hours shall accrue and utilize annual leave as provided in the appropriate collective bargaining

agreement.

Upon separation from employment, a regular status employee will be paid for all earned and unused Annual Leave in his or her final paycheck.

Employees may locate and read the leave accrual rate based on years of service by:

- 1) Navigating to wpb.org.
- 2) Searching the Code of Ordinance or the respective CBA.

Bereavement Leave

Bereavement Leave is a paid absence taken at the time of the death of an immediate family member so that the employee may attend to family business, attend the funeral, or care for the emotional needs of self or family. The City Code provides for five (5) and respective CBAs may differ.

Discretionary Leave

Discretionary Leave is eight (8) hours of paid leave granted to eligible employees who are on the payroll during the first payroll period of the calendar year. The Discretionary Day does not accrue or carry over from one (1) year to the next. It may be used by an employee as a “personal day” and must be approved forty-eight (48) hours in advance by the department director or designee.

Eligible part-time employees receive discretionary hours based on their regularly scheduled hours up to a maximum of eight (8) hours. Eligible employees who are on probation the first payroll period of the calendar year will also receive Discretionary Leave and may use it while on probation.

Earned Personal Leave

Earned Personal Leave (EPL) is leave that results from the conversion of unused sick leave.

Family and Medical Leave

[Family and Medical Leave Policy 4-12](#)

The Family and Medical Leave Act (FMLA) is a federal law giving eligible employees the right to take leave for a maximum period of twelve (12) work weeks in a twelve (12) month period for specific medical and family reasons: birth of a child, placement of a child with an employee for adoption or foster care, or a serious health condition of the employee, spouse, child or parent of the employee. The City uses a rolling twelve (12) month period measured backwards from the date an employee uses any FMLA leave in calculating usage. Employees are required to have worked for the City for one (1) year and 1,250 hours during the preceding twelve (12) month period. The City has a right to thirty (30) days advance notice from the employee where practicable.

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard, Reserves, and/or Active Duty Service Members may use their twelve (12) week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for

alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

Eligible employees may also receive special leave entitlement for Caregiver Leave - up to twenty-six (26) weeks of unpaid leave to an employee to care for a family member (spouse, son, daughter, parent, or next of kin) who is injured while serving on active military duty.

Incentive Sick Days

Incentive Sick Days is paid time off up to a maximum of twenty-four (24) hours per payroll calendar year provided to all eligible employees as established by the City's Salary Plan. This time is deducted from the Sick Leave balance, but is not counted as Sick Leave for purposes of qualifying for the annual Sick Leave conversion.

Incentive Sick Leave is credited to eligible active employees who are on payroll during the first payroll period of the calendar year. Incentive Sick Leave does not accrue or carry over from one year to the next. Incentive Sick Day usage reduces the employee's Sick Leave balance on an hour for hour basis.

Jury Duty/Court Subpoenas

Leave with pay is granted to an employee to respond to a summons to serve on a jury. An employee must immediately notify his/her supervisor upon receiving a notice of jury duty. In addition, an employee must communicate daily with his/her supervisor while on Jury Duty Leave. An employee is expected to be on the job if excused from jury duty early or if the employee is not required to be present in court. An employee must provide his/her supervisor documentation showing he/she performed the duty to receive Jury Duty Leave.

Employees who are subpoenaed for court cases related to City employment will be allowed to attend court on City time. Once released from the court case, the employee must return to the worksite and report to his/her immediate supervisor.

Employees who are subpoenaed for court cases not related to their City duties are not eligible to attend court on City time. However, employees may request to use any accrued leave, excluding the use of Sick Leave, to cover their absence. An employee shall immediately provide his/her supervisor with a completed leave request using the Kronos terminal, web access entry, or Telestaff, as applicable, for time away from work.

Management Leave

Management Leave is provided to specific management employees as authorized by the annual Salary Resolution or bargaining agreement. Each employee is responsible for speaking directly with his/her supervisor about his/her absence. It is not acceptable to leave a message on a supervisor's voice mail, except in extreme emergencies. - d) Involuntary Demotion: A change to a lower paid job classification.
- e) Termination of Employment: A termination of employment is a permanent separation from employment with the City. An employee may be terminated for a serious or severe first offense, with or without prior disciplinary measures.

A specific reason for separation of employment is not required for a probationary employee who fails to meet probationary standards.

The City reserves the right to bypass preliminary disciplinary steps when circumstances warrant immediate disciplinary action. The type of discipline that is administered will depend on the severity of the offense, the employee's work record and history, and other relevant factors. If an offense is serious or severe, it shall result in immediate termination of employment and may not necessarily follow the steps of progressive discipline. Offenses that may result in immediate termination include but are not limited to:

- a) Illegal or inappropriate use of the City's computer or electronic communication devices.
- b) Theft of services.
- c) Untruthfulness.
- d) Falsification of official documents.
- e) Positive Substance Abuse Test.
- f) Fraud, waste, or abuse.
- g) Any code of ethics violation.

An employee who is terminated from the City as a result of misconduct shall not be eligible for future employment with the City.

When a disciplinary hearing, investigatory procedure, or investigation is pending, an employee may be placed on paid or unpaid administrative leave by the department director or designee in collaboration with the Employee Relations Division of the Human Resources Department. While on administrative leave, the employee is restricted to the terms of the directives specified in the administrative leave letter that the employee receives.

Disciplinary actions will be administered according to the City's disciplinary policy or any applicable Collective Bargaining Agreement (CBA). The Employee Relations Division shall be consulted prior to any discipline being issued to an employee.

Grievance Procedure

A grievance is defined as a dispute involving the meaning, interpretation, and application of the express terms of a CBA.

An employee governed by a CBA may file a grievance for violation(s) of the contract or for other disputes only as provided for in their respective CBA.

Appeals

Employees governed by a bargaining unit shall follow the appeals procedure of their CBA. Initial hire employees who are on probation, unclassified non-bargaining employees, and temporary, seasonal, or intermittent employees have no appeal rights.

Employees governed by the Civil Service Rules and Regulations are generally classified as professional, managerial, or confidential employees and are ineligible for bargaining unit representation. An Employee in the Classified Service may appeal disciplinary actions within ten (10) days after the delivery or mailing to him/her of a written notice of the action, whichever comes first. The employee must file a written request for a hearing to the Civil Service Board in the office of the Director of Human Resources. Employees in the Classified Service should follow the Civil Service Rules and Regulations appeals procedures.

A verbal counseling (reduced to writing) and a verbal reprimand are not subject to appeal.

Complaints/Equal Employment Opportunity (EEO)/Discrimination Report

[Equal Employment Opportunity Policy 4-2](#)

[EEO/Discrimination Report Form](#)

The City prohibits discrimination in the workplace and is committed to provide equal employment opportunity to all employees regardless of race, color, religion, sex, gender identity or expression, national origin, age, disability, familial status, marital status, sexual orientation, genetic information, or any other status as established by Title VII of the Civil Rights Act, the Florida Civil Rights Act, or the West Palm Beach EEO Ordinance. If an employee feels that they have been subject to discrimination, they should

immediately contact their supervisor, division manager, department director, or the Equal Employment Opportunity Compliance Officer of the Human Resources Department.

Most internal complaints should be handled at the departmental level. Employees are encouraged to meet with their supervisor, division manager, or department director to try and resolve their complaint. However, if an employee feels that the issue cannot be resolved at the departmental level, the employee shall contact the Equal Employment Opportunity Compliance Officer in the Human Resources Department 561.494.1000 as soon as the issue arises.

The City shall make reasonable attempts to resolve issues at an informal level, depending on the nature of the complaint. If resolution cannot be achieved informally, a resolution to the issue shall be initiated through a formal investigation. Throughout the investigation, the City will take appropriate steps to maintain the confidentiality of the complaint and safeguard the privacy and rights of both the complainant and the person against whom the complaint is made.

Mediation

The City realizes that when employees work together they occasionally have disagreements and conflicts. Mediation is a voluntary request for attempted resolution of an issue between employees or between employee(s) and their supervisor(s). The Employee Relations Division shall mediate such conflicts when both parties request and agree to mediation, depending on the nature of the incident and absent any policy violation.

To request mediation, contact the Employees Relations Division of the Human Resources Department at 561.494.1000.

LEAVING CITY EMPLOYMENT

[Employee Separation Policy 4-10](#)

Resignation (Voluntary)

When an employee intends to voluntarily resign his/her employment with the City, the employee shall submit a letter of resignation to the supervisor, division manager, or department director with at least two (2) weeks-notice prior to his/her final workday. Failure to do so may prevent future employment opportunities at the City.

Termination (Involuntary)

An employee who is terminated for cause shall not be eligible for rehire with the City. Employees who are involuntarily terminated can contact the Benefits Division of the Human Resources Department by calling 561.494.1000 for information about their benefits.

Layoff

The City reserves the right to reduce its work force either permanently or temporarily. When it becomes necessary to reduce the number of positions within a job classification, temporary, provisional, and probationary employees shall be laid off first and then regular status employees.

Where Collective Bargaining Agreements (CBAs) and/or the Civil Service Rules and Regulations apply, the City will follow stated seniority rules. For those employees who are not members of such units, the City reserves the right to determine layoffs in a manner serving its best interests. The City will follow recall procedures set by CBAs or the Civil Service Rules and Regulations. Employees not covered by such agreements or the Civil Service Rules and Regulations may be recalled as determined by the City.

- b) Maintain clean and safe equipment at all times.

No employee should ever perform a task or work with equipment that is unsafe. Failure to comply with safety rules will result in disciplinary action up to and including termination of employment.

Smoke Free Workplace

[Smoke Free Workplace Policy 1-9](#)

The City recognizes the right of its employees to work in an environment free of tobacco smoke and has established a Smoke Free Workplace Policy. In compliance with the Florida Clean Indoor Air Act of 1985, the right to a smoke-free environment in the workplace takes precedence over individual desires to smoke. Smoking is strictly prohibited in City owned or leased buildings, including offices, hallways, waiting rooms, restrooms, lunch rooms, elevators, and meeting rooms, among other areas, and in City vehicles.

The City also recognizes the rights of employees who choose to smoke to make personal decisions without interference, as long as these decisions do not interfere with the rights of other employees. Such employees may smoke during designated breaks only in designated smoking areas outside of City buildings or at least twenty-five (25) feet away from City worksites, building entrances, and storage areas of flammable substances.

This policy applies to all employees, clients, contractors, and visitors. Address inquiries or complaints about smoking in the workplace to Risk Management at 561.494.1130.

In accordance with the wishes of the West Palm Beach City Commission, the City Center block has been designated as a non-smoking area. Smoking is not permitted anywhere at City Center, including in the outdoor courtyard area. To learn more about City smoking cessation programs, contact the Benefits Division of the Human Resources Department at 561.494.1000.

Vehicle Safety

Vehicles must be maintained and pass inspection by the Fleet Maintenance Division and the employee's supervisor. An employee shall perform vehicle safety checks as required by his/her supervisor. Where applicable, such safety checks shall be based on the guidelines and requirements of the Florida Commercial Drivers Handbook.

Employees will follow posted speed limits and observe all City safety regulations and state motor vehicle laws, including, but not limited to, wearing seat belts. Cell phone usage should be avoided while driving. City vehicles may be equipped with GPS devices to help ensure the safety of occupants and equipment.

Reporting Accidents and Violations

[Motor Vehicle Policy 9-1](#)

If you are authorized to operate a City motor vehicle or your own motor vehicle in the course of your assigned work, you will be responsible for any fines, traffic violations, and any other associated fees. In the event of a vehicular accident, employees are responsible for immediately notifying police and, if necessary, rescue authorities. Once

authorities have been notified, immediately contact your supervisor and Risk Management in accordance with the Motor Vehicle Policy. Employees must be drug tested in accordance with the City's Substance Abuse Policy 4-16 and federal Department of Transportation rules.

The City's self-insurance program does not provide coverage for damage to an employee's personal vehicle. Employees should confirm their personal auto insurance policy provides coverage for this use. An employee involved in an accident while operating a City vehicle will not be responsible financially for the damages incurred as a result of the accident.

Workers' Compensation

Employees who sustain or incur an illness arising out of or in the course of employment are covered by Workers' Compensation insurance. This insurance provides medical coverage and partial replacement of lost wages for the period of time the employee is unable to work. All employees are covered whenever the injury occurs in the course of employment and the City pays the entire cost of this protection. Employees must report all injuries, incidents, or accidents immediately to their supervisor. Employees who are injured at work must immediately complete an On the Job Injury form with their supervisor, file the form with Risk Management, and comply with all of the workers' compensation policies and procedures. Employees must be drug tested in accordance with the City's Substance Abuse Policy 4-16.

Employees may locate a copy of the On the Job Injury form by:

- a) Opening Lotus Notes:
 - 1) Navigating to the Employee Resource Center.
 - 2) Clicking the HR icon.

 - 4) Clicking the Risk Management link.
 - 5) Clicking the On the Job Injury link.
- b) Requesting a copy from their supervisor or time keeper.
- c) Calling Risk Management at 561.494.1130.

Employees injured during outside employment are not covered by the City's workers' compensation insurance and should check with the insurance provider of the outside employer.

Use of City Property

Each employee shall exercise due caution in the care and handling of all tools and equipment which may come into his/her custody or over which he or she may have a degree of control. Any employee who loses, misuses, or damages through his or her carelessness, negligence, and/or intentional misconduct such tools or equipment provided by the City shall be subject to discipline up to and including termination of employment. Intentional misconduct resulting in damage to City property may also include reimbursement to the City by the employee.

City property issued to employees, including but not limited to software, manuals, and proprietary information must be returned if employment with the City is terminated

either voluntarily or involuntarily. If City property is not returned, employees will be responsible for repaying the City the value of the property.

No employee will remove City property from the premises without written permission from the supervisor or department director or designee who is responsible for the property in question. Illustrative and not exhaustive examples of the kind of property subject to this policy are:

- a) Books, office supplies, and equipment.
- b) Personal property owned by the City or other employees.
- c) Confidential literature including contracts, outlines, files, and reports.
- d) Computer disks, tapes, and other storage media.
- e) Trailers, mowers, weed eaters, and leaf blowers.

Removing or attempting to remove City property without proper permission can result in discipline up to and including termination of employment.

City Center Building Rules

Employees are permitted to hang their own pictures, certificates, plaques, etc. as long as the items weigh five (5) pounds or less. The only permitted picture hanging hardware is manufactured by OOK, for ten (10) pounds or less. Employees must use common sense when hanging their own pictures. Items such as bulletin boards or any item greater than ten (10) pounds will be hung by Building Maintenance personnel. To request service, call 561.822.2120, state the request, and a work order will be created.

Building Security and Identification Badges

All employees who are issued keys are responsible for their safekeeping. Employees are expected to use designated entrances and exits. Employees are not allowed on City property after hours without prior authorization from their supervisor.

An identification badge is issued to each employee at the time of employment. Employees are expected to display their identification badges while working. Identification badges remain the property of the City.

Lost badges must be reported immediately by completing the Request for Replacement Employee ID Card form by:

- a) Opening Lotus Notes:
 - 1) Navigating to the Employee Resource Center.

The City reserves the right to inspect bags, parcels, or containers entering or exiting City premises. The City also reserves the right to inspect the workplace, including lockers, desks, files, computers, etc.

Employees are expected to be observant of any suspicious persons, items, or activity while on City premises. Employees should immediately report any suspicious persons or activity to their supervisors so proper action can be taken. Employees should be aware of any unfamiliar persons who are in secured areas. Such persons should be questioned as to their purpose for being there and properly escorted to their legitimate place of business.

"If you see something, say something" is the goal of City government. Employees will immediately report any suspicious activity or safety hazard to their supervisor or department director.
