construction in  
Palm Beach County.

**O**n Wednesday, January 11, 2012, the Florida Department of Transportation (FDOT) will host an informational Open House for the resurfacing project on Southern Boulevard/ State Road 80, from Parker Avenue to just west of Washington Road, in the City of West Palm Beach.

The Open House will be held from 4:30 p.m. until 6:30 p.m. at the City of West Palm Beach Fire Rescue Station #2, 4301 South Dixie Highway, West Palm Beach, FL, 33405, about 2 blocks south of Southern Boulevard. Project personnel will be on hand to discuss the scope of work, construction schedule, and address questions and comments.

This 0.77-mile project began Jan. 3, 2012, and will last 170 days, weather permitting. The estimated cost for construction is \$1.5 million, with an estimated completion date of summer 2012. Work is being performed by Community Asphalt Corporation, with the Florida Department of Transportation's Palm Beach Operations Center overseeing the project.

### **Scope of Work:**

- Milling and resurfacing Southern Boulevard/SR 80 from Parker Avenue to just west of Washington Road
- Bridge joint replacement
- Minor drainage improvements
- ADA upgrades to sidewalk, crosswalks, and pedestrian signals
- Signalization and signage work

### **Maintenance of Traffic:**

In order to do this work safely, it will be necessary to close travel lanes and sidewalks at various times and locations. Work will be done in phases to minimize impacts to residents, businesses and the motoring public.

Project-related lane closures may occur daily from 10 a.m. until 2:30 p.m., and nightly, 7:30 p.m. until 7:30 a.m., for paving operations. At least one lane on Southern Boulevard will remain open in each direction, and pedestrian access will be maintained on one side of the street at all times.
