POST AUDIT REVIEW PROCUREMENT CARD PROGRAM Report No. PAR19-07

Internal Audit

Beverly Mahaso, Esq. CIA, CFE Chief Internal Auditor

Internal Audit

Audit Committee City of West Palm Beach 401 Clematis Street West Palm Beach, Florida

#### **RE: POST AUDIT REVIEW - PROCUREMENT CARD PROGRAM, AUD14-09**

Dear Audit Committee Members:

In FY2015, the Internal Auditor's Office released an audit of the Procurement Card Program. We performed certain procedures, as enumerated below, with respect to activities of the Procurement Card Program in order to render a conclusion on the status of the recommendations made as a result of that review.

This Post Audit Review (PAR) consisted primarily of inquiries of City personnel and examinations of various supporting documentation. It was substantially less in scope than an audit in accordance with generally accepted government auditing standards.

The evidence obtained provided a reasonable basis for our conclusions; however, had an audit been performed, other matters might have come to our attention that would have been reported to you and our conclusions may have been modified.

The audit contained six (6) recommendations that addressed the audit's findings. Based on the review performed, we concluded that recommendations 2, 3, and 6 are implemented, and recommendations 1, 4, and 5 are partially implemented.

We have enclosed a table listing all the recommendations with the current statuses. We found that management made significant efforts to take corrective action. Further, we note that the Finance Department is actively continuing to make improvements. As such, additional steps may have been taken to implement the recommendations after the conclusion of this Post Audit Review. We will conduct another Post Audit Review in approximately 6 to 12 months, resources permitting, at which time we will review all additional changes made after the conclusion of this Post Audit Review.

We thank the Finance Department for their assistance in conducting this review, and on continuing implementation efforts.

Respectfully Submitted,

s/ Beverly Mahaso Chief Internal Auditor

CC:

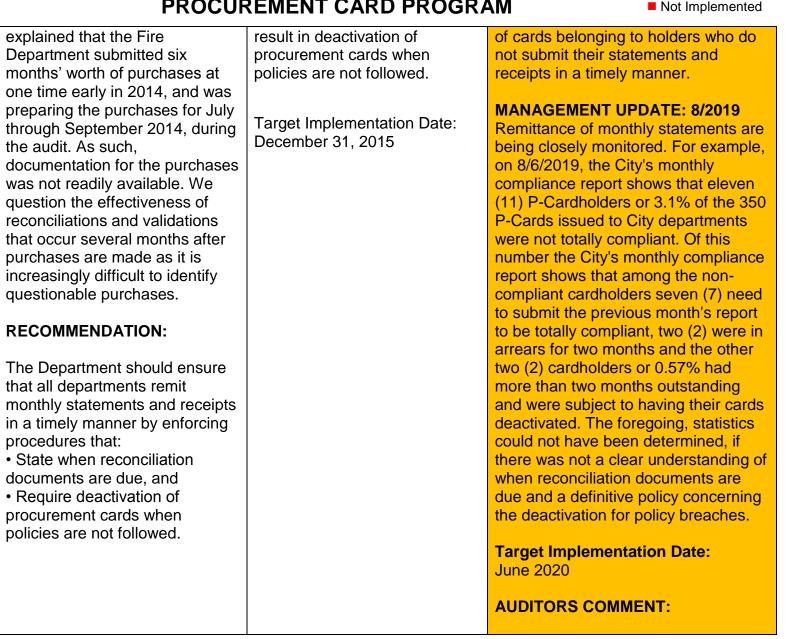

Christina Lambert, Commission President Kelly Shoaf, Commissioner Cory Neering, Commissioner Richard Ryles, Commissioner Joseph Peduzzi, Commissioner Keith James, Mayor Jeff Green, City Administrator Faye Johnson, Assistant City Administrator Mark Parks, Chief Finance Officer Dathan Griffiths, Treasury Manager

Encl.

### AUDIT RECOMMENDATIONS

Legend
Implemented
Partially Implemented
Not Implemented

even though the data being captured by both the City and BOA systems, could provide the required information needed to perform reconciliations. Further, we found that at least one other rebate program may be more beneficial to the City under certain circumstances. Hillsborough County has a consortium in which a number of other local entities participate. The rebate is 1.6 percent, the same as the City is currently receiving, but it does not have any individual City dollar amount thresholds. Since the City only recently met the \$10 million threshold, it is probable that reductions in P-card purchases may place the City below the threshold which could decrease the rebate amount.

#### **RECOMMENDATION:**

The Department should update its Policies and Procedures and implement a process for reconciling rebates, including those from the Bank of America. Further, the Department should review other programs to identifying alternative programs, the Treasury Manager is examining other options.

#### **MANAGEMENT UPDATE: 8/2019**

The City is currently receiving the most favorable rebates available in the State of Florida as it "piggy backs" on the State contract. The City has also explored the possibility of membership in a consortium but withdrew as it would reduce rebates and there was uncertainty as to whether the Banks within this consortium would be able to electronically interface their P-Card software with the City's accounting software. Further, all rebates received by the City for calendar years 2014, 2015, 2016, 2017 and 2018 have been reconciled with amounts received from Bank of America.
